

**JEWISH
WAR HEROES**

CANADIAN JEWISH CONGRESS

PUBLISHED BY THE

FEBRUARY 1944

A very large number of Canadian Jews are serving with the Canadian Army, the Royal Canadian Air Force, and the Royal Canadian Navy. As a matter of fact if they were all in the Army there would be nearly enough to form an entire Jewish division. The Government does not issue statistics on the exact number of Jewish men in the forces, but the Canadian Jewish Congress has requested every Jew in Canada to write them the names of Jewish men in uniform that they know of. In this way the Congress has the names of over 12,000 Jews who wear Canadian uniforms, and there are probably a great many more than that number.

So many Canadian Jews have fought well with the army, navy and air forces in this war that dozens of them have won medals, decorations, and awards and have been mentioned in dispatches. A Montreal Jewish doctor won the Order of the British Empire in Africa,—Jewish fliers from Toronto, Montreal and other cities and towns have won the Distinguished Flying Cross. A Vancouver Jewish sailor who had served on the famous St. Croix was mentioned in dispatches. A Montreal signalman at Dieppe was awarded the Military Cross; a flier from the same city won the British Empire Medal; a Vancouver flier won the Air Force Cross; a Regina Jewish doctor was mentioned in dispatches, and so on and so forth—Canadian Jews valiant in battle.

There are 1,500,000 Jews in the armies, navies and air forces of the United Nations. One out of every seven Jewish men and women all over the world are in uniform. In Canada there are 12,000 Jewish service men. In the U.S. there are 500,000 Jewish servicemen. In Palestine there are 50,000 Jews in the army and the home guard. In England there are 50,000 Jewish servicemen. In Russia there are 500,000 Jewish men in uniform. In Australia, New Zealand and Africa there are 12,000 Jewish servicemen.

Jews everywhere have declared war on Hitler, war to the death, without reserve and without compromise. They know and the whole world now knows that Hitlerism is the enemy of all civilization. Men cannot live free and decent lives if Hitler remains on earth or if his ideas remain. Jews and all civilized mankind are fighting this war to destroy Hitler and his evil ways.
